5252.216-9204 LEVEL OF EFFORT--FEE ADJUSTMENT FORMULA (MAR 1994)

(a) Subject to the provisions of the "Limitation of Cost" or "Limitation of Funds" clause (whichever is applicable to this contract), it is hereby understood and agreed that the fixed fee is based upon the Contractor providing the following number of staff-hours of direct labor, hereinafter referred to as X, at the estimated cost and during the term of this contract specified elsewhere herein:

[Contractor shall insert number of estimated direct labor staff hours]

CONTRACT NO. N00178-09-D-5782	DELIVERY ORDER NO. GZ01	AMENDMENT/MODIFICATION NO. 02	PAGE 2 of 32	FINAL

Total Staff-Hours (X)* Total Prime Staff-Hours Fixed Fee**
 *(inclusive of Prime and any proposed Subcontractor(s))

Base Period _____
 Option 1 _____
 Option 2 _____
 Option 3 _____
 Option 4 _____

**Contractor is to identify basis for fixed fee amount: ___ Prime Hours Only ___ Total Staff-Hours

The Contractor agrees to provide the total level of effort specified above in performance of work described in Sections "B" and "C" of this contract.

(b) Of the total staff-hours of direct labor set forth above, it is estimated that ___ staff-hours are competitive time (uncompensated overtime). Competitive time (uncompensated overtime) is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. All other effort is defined as compensated effort. If no amount is indicated in the first sentence of this paragraph, competitive time (uncompensated overtime) effort performed by the contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as local travel from an employee's residence to their usual work location, uncompensated effort while on travel status, truncated lunch periods, or other time and effort which does not have a specific and direct contribution to the tasks described in Section B.

(d) It is understood and agreed that various conditions may exist prior to or upon expiration of the term of the contract, with regard to the expenditure of labor staff-hours and/or costs thereunder which may require adjustment to the aggregate fixed fee. The following actions shall be dictated by the existence of said conditions:

- (1) If the Contractor has provided not more than 105% of X or not less than 95% of X, within the estimated cost, and at the term of the contract, then the fee shall remain as set forth in Section B.
- (2) If the Contractor has provided X-staff-hours, within the term, and has not exceeded the estimated cost then the Contracting Officer may require the Contractor to continue performance until the expiration of the term, or until the expenditure of the estimated cost of the contract except that, in the case of any items or tasks funded with O&MN funds, performance shall not extend beyond 30 September. In no event shall the Contractor be required to provide more than 105% of X within the term and estimated cost of this contract. The fee shall remain as set forth in Section B.
- (3) If the Contractor expends the estimated cost of the contract, during the term of the contract and has provided less than X staff-hours, the Government may require the Contractor to continue performance, by providing cost growth funding, without adjusting the fixed fee, until such time as the Contractor has provided X staff-hours.
- (4) If the Contracting Officer does not elect to exercise the Government's rights as set forth in paragraph (d)(2) and (d)(3) above, and the Contractor has not expended more than 95% of X staff-hours, the fixed fee shall be equitably adjusted downward to reflect the diminution of work. The total fee due the contractor shall be adjusted so as to be in direct proportion to the number of direct hours utilized in the same ratio of fee to the estimated total hours then set forth in the contract.
- (5) Nothing herein contained shall, in any way, abrogate the Contractor's responsibilities, and/or the Government's rights within the terms of the contract provision entitled "Limitation of Cost" or "Limitation of Funds" as they shall apply throughout the term of the contract, based upon the total amount of funding allotted to the contract during its specified term.

(e) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and DCAA office to which vouchers are submitted:

- (1) The total number of staff-hours of direct labor expended during the applicable period.
- (2) A breakdown of this total showing the number of staff-hours expended in each direct labor classification and associated direct and indirect costs.
- (3) A breakdown of other costs incurred.
- (4) The Contractor's estimate of the total allowable cost incurred under the contract for the period.

In the case of a cost under-run, the Contractor shall submit the following information in addition to that required above:

- (5) The amount by which the estimated cost of this contract may be reduced to recover excess funds and the total amount of staff-hours not expended, if any.
- (6) A calculation of the appropriate fee reduction in accordance with this clause.

All submissions required by this paragraph shall separately identify subcontractor information, if any.

ADDITIONAL SLINS

Additional SLINs will be unilaterally created by the Contracting Officer during performance of this Task Order to accommodate the multiple types of funds that will be used under this order.

This is a performance based order, as defined in FAR Part 37.6. Contractor performance will be reviewed in accordance with the Quality Assurance Plan as follows:

QUALITY ASSURANCE PLAN

(1) Objective: The purpose of this plan is to provide a quality assurance plan for the services contracted under this Task Order. This plan provides a basis for the Task Order Manager (TOM) to evaluate the quality of the contractor's performance. The oversight provided for in this plan, and the remedy established, will help ensure that service levels are of high quality throughout the task order term.

(2) Performance Standards:

a. The deliverables under this task order will be consistently technically accurate.

b. The services delivered under this task order will be consistently of high quality.

----------------------------------	----------------------------	----------------------------------	------------------	-------

c. The contractor's cost control efforts under this task order will be consistently effective (applicable to cost reimbursement task orders).

d. The contractor will be consistently responsive to Government customers in its performance of this task order.

e. For the purposes of this plan, "consistently" is defined as "generally holding true", "persistently over time", and/or "overall uniformly".

(3) Evaluation Methods: The TOM will conduct performance evaluations based on the standards in paragraph 2 above using the following technique:

a. During the performance period of the task order, the TOM will continually and proactively monitor contractor efforts and obtain input from other Government personnel with performance oversight functions to ascertain the level of compliance with the Performance Standards.

b. Every 12 months after the effective date of the task order, the TOM will prepare a Task Order Performance Evaluation (TOPE) documenting the results of the efforts performed under paragraph 3.a. above.

c. The TOM will upload the TOPE to the SeaPort Portal.

(4) Remedy

a. If the annual Performance Evaluation indicates that the contractor has not met one or more of the Performance Standards, the following negative remedy becomes effective: the TOM will submit a negative TOPE on the SeaPort Portal for the applicable Performance Standard.

b. This is a significant negative remedy as the TOPE is a key part of the Performance Monitoring process which:

i. Provides input to the annual Contractor Performance Assessment Report (CPAR); and

ii. Determines the contractor's ability to earn term extensions to its basic SeaPort-e contract in accordance with the Award Term provisions contained therein.

(g) The contractor agrees to include, and require inclusion of, this clause in all subcontracts at any tier that requires the furnishing of confidential business information.

ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA) (JUL 2000) (RESTATED FROM BASIC CONTRACT)

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.

(b) The Contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the contract, the Contractor does not have any organizational conflict of interest(s) as defined in paragraph (a).

(c) It is recognized that the effort to be performed by the Contractor under this contract may create a potential organizational conflict of interest on the instant contract or on a future acquisition. In order to avoid this potential conflict of interest, and at the same time to avoid prejudicing the best interest of the Government, the right of the Contractor to participate in future procurement of equipment and/or services that are the subject of any work under this contract shall be limited as described below in accordance with the requirements of FAR 9.5.

CONTRACT NO. N00178-09-D-5782	DELIVERY ORDER NO. GZ01	AMENDMENT/MODIFICATION NO. 02	PAGE 29 of 32	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(d) (1) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information provided to the Contractor by the Government during or as a result of performance of this contract. Such information includes, but is not limited to, information submitted to the Government on a confidential basis by other persons. Further, the prohibition against release of Government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in Contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

(2) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information generated or derived during or as a result of performance of this contract. This prohibition shall expire after a period of three years after completion of performance of this contract.

(3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may merge or affiliate, or any successor or assign of the Contractor. The terms of paragraph (f) of this Special Contract Requirement relating to notification shall apply to any release of information in contravention of this paragraph (d).

(e) The Contractor further agrees that, during the performance of this contract and for a period of three years after completion of performance of this contract, the Contractor, any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of the Contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any system, component or services which is the subject of the work to be performed under this contract. This exclusion does not apply to any recompetition for those systems, components or services furnished pursuant to this contract. As provided in FAR 9.505-2, if the Government procures the system, component, or services on the basis of work statements growing out of the effort performed under this contract, from a source other than the contractor, subcontractor, affiliate, or assign of either, during the course of performance of this contract or before the three year period following completion of this contract has lapsed, the Contractor may, with the authorization of the SeaPort/Task Order Contracting Officer, participate in a subsequent procurement for the same system, component, or service. In other words, the Contractor may be authorized to compete for procurement(s) for systems, components or services subsequent to an intervening procurement.

(f) The Contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest, it shall make immediate and full disclosure in writing to the SeaPort/Task Order Contracting Officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action which the Contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the SeaPort/Task Order Contracting Officer in making a determination on this matter. Notwithstanding this notification, the Government may terminate the contract/Task Orders for the convenience of the Government if determined to be in the best interest of the Government.

(g) Notwithstanding paragraph (f) above, if the Contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this contract or becomes, or should become, aware of an organizational conflict of interest after award of this contract and does not make an immediate and full disclosure in writing to the SeaPort/Task Order Contracting Officer, the Government may terminate this contract/task orders for default.

(h) If the Contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the Government may terminate this contract for default.

(i) The SeaPort/Task Order's Contracting Officer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final.

(j) Nothing in this requirement is intended to prohibit or preclude the Contractor from marketing or selling to the United States Government its product lines in existence on the effective date of this contract; nor, shall this requirement preclude the Contractor from participating in any research and development or delivering any design development model or prototype of any such equipment. Additionally, sale of catalog or standard commercial items are exempt from this requirement.

(k) The Contractor shall promptly notify the Contracting Officer, in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the Government's interest.

(l) The Contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law or elsewhere included in the basic contract or this task order.
